FOREWORD

It has been the endeavor of the El-Hi-An staff of 1961 to give a record of the activities of the high school as a body and also the plans and aspirations of the Seniors toward the future.

Just as a circus has its humorous parts and its serious parts, so the school year has had parts that correspond to these. In this book we will try to represent these parts as happenings in a circus, using the students and faculty as performers.

ELDERTON HIGH SCHOOL
ELDERTON, PA.

DEDICATION

As the final performance of the Big Top comes to a close, we, the seniors, wish to extend our thanks and appreciation for the past and best wishes for the future to one of our best liked teachers. We could find no better way to do this, except by dedicating this, the 1961 EL-HI-AN, to him, Mr. Quinn.

WILLIAM L. SMITH
Supervising Principal

As you, the class of 1961, go out from high school you will find keen competition, high standards of craftsmanship, and great challenges in any field of endeavor into which you may enter. Your education is not completed; life will teach you much more than you have secured from books.

Although I have had a very short acquaintance with you, I feel your background and training will help you to use good judgment, make fair and just decisions, and keep to the higher ideals of life.

Hold fast to the good, and the rewards will be great.

William L. Smith

THE RING MASTERS

My congratulations go to the largest class graduating from Elderton Joint High School.

My sincere best wishes go with each senior young man and woman as you go to institutions of higher learning, to various careers, or to serving our nation. In whatever capacity you serve your fellow man; may you serve them to the best of your ability.

Your life plans are somewhat likened to a sail ship at sea; one ship sails East, another sails West, while the self same breezes blow. It is the set of the sails and not the gales that bid them where to go. As you sail out in life make reasonable goals for your life, then strive to attain your goals.

Your school will always be interested in your success. We will welcome an opportunity to help you if you request it.

1960-61 EXCHANGE STUDENT

Klaus Linse

Klaus was born on October 2, 1943 in Hildesheim, Germany. His parents are Mr. and Mrs. Adolf Linse. He has one brother and one sister. Their names are Werner and Gisele. He is 5' 10" or 1 meter and 78 centimeters tall, has light blue eyes, blonde hair and is seventeen years old.

To come to America he had to take a test. Twenty boys wanted to come but only six could come to America. He was one of the lucky six. He came over on a Sabena Airliner. He stayed at Drew University in Madison, New Jersey for four days where he learned about America. Kimmels picked him up there on July 26, 1960.

When he first came here he thought it was very hot because in Germany the average temperature is only 68 degrees.

He likes swimming, tennis, soccer, ice and roller skating, skiing, and dancing, especially square dancing.

Some of his favorite foods are hot dogs, hamburgers, ice cream, pie, and corn on the cob, but he doesn't like Italian food.

English is his hardest subject here in America.

He likes staying in America, especially at Kimmel's. He also likes Elderton High School, its teachers and classes, and his schoolmates.

He attends church at the Church of the Brethren with the Kimmel family. In Germany he attends the Evangelical Lutheran Church.

At this time Klaus still doesn't have any definite occupation plans and he says that he might even come back to America.

Founded in 1955-56, this organization is fostering the principles of good sportsmanship, fair play, clean living, and social fellowship. These are an outgrowth of the primary objective of this organization which is to promote a pride of school, pride of team, and pride of self through participation in all forms of athletics on both the interscholastic and intramural level.

In recognition of the contribution made to the above objective by team members who have earned a Varsity "E" Letter, the club presents each senior letter winner with the Varsity Club award jacket which is purchased with funds earned by the club through various activities.

Social activities such as the club's Christmas Party, the Varsity Club Dance, the Spring Barbecue, and other activities help achieve the concept of a worthy use of leisure time as a part of our goal of a healthy mind in a healthy body.

The Art Club, made up of Sophomores, Juniors, and Seniors who are interested in art, has for the past three years taken a trip to Pittsburgh. There we visited the Carnegie Museum and various other points of interest.

The club Christmas Party and annual fund raising events are also a part of the club year.

The club meets monthly in the Art room. In these meetings we arrange such things as the last year's Spring Exhibit of the students.

The work is done by the students with the advice of their advisor, Mrs. Ghrist.
